ORDER

ROBERT W. LEHRBURGER, United States Magistrate Judge.

This order addresses Plaintiff's letter motions at Dkts. 119 and 120. No conference is necessary as the issues can be resolved based on the present record. Both applications are denied.

Considering Defendant's response to Dkt. 119, it appears that only one disputed item identified by Plaintiff remains at issue: Plaintiff's interrogatory seeking information about Airport Hold Lot/Virtual Queue Time. (See Dkt. 121.) The request is denied for lack of relevance, burden, and disproportionality.

Plaintiff's request at Dkt. 120 that Defendant de-designate as confidential various categories of documents is denied based on the terms of the Protective Order to which the parties agree and the Court so-ordered. Whether any such information should be maintained under seal from the public record is a different question that is premature to address in the absence of a motion or proceeding for which the information is filed.

The Clerk of Court is respectfully directed to terminate the letter motions at Dkts. 119 and 120.

SO ORDERED.

A handwritten signature in black ink, appearing to read 'R. Lehrburger', with a long horizontal flourish extending to the right.
